ABOUT THE SCHOOL

OUR DIPLOMA PROGRAMS

A 650 hour Massage Therapy and Bodywork Training Program has been developed to provide a serious course of study for individuals interested in pursuing a career in the massage therapy profession. This course of study provides a strong foundation in Therapeutic Massage, Anatomy and Physiology, Swedish Massage, Professional Development & Business Skills, and related studies. Upon successful completion, the student is awarded a Diploma in Massage Therapy and Bodywork Training.

A separate 600 hour Shiatsu Training Program is available for individuals pursuing a career in Shiatsu Therapy. This program is presented in three (3) graded levels of study, leading to Shiatsu Practitioner status. Course content includes Anatomy and Physiology and Professional Development & Business Skills. Upon completion, the student is awarded a Diploma in Shiatsu Therapy.

CONTINUING EDUCATION

Our continuing education program is available for students wishing to pursue studies in individual courses. CE courses can take the form of weekend seminars and special workshops or over a period of weeks (see page 22).
MISSION STATEMENT

Our goal is to provide quality education using a variety of comprehensive techniques while awakening the unlimited creative potential within each student. As a teaching institute, we are dedicated to the promotion of good health and improved well-being.

To meet our objectives, we have an instructional staff with exceptional qualifications and unique teaching styles that will cultivate the students’ growth as therapeutic bodyworkers. Our intent is to provide a challenging and inspirational learning environment, inviting students to combine art and science in their massage and bodywork therapies. We support and promote the healing art of massage and bodywork modalities as an enhancement in all people’s lives.

HIGHLIGHTS OF EAST-WEST’S PROGRAMS

- Our class size is limited—ensuring personal attention with our low student/teacher ratios.
- All instructors have extensive bodywork training and teaching experience.
- Our tuition fees are maintained at a reasonable low level, and extended payment plans are available. If you are considering enrollment at EWSMT, you should visit our facility and talk with the school director to ensure that our programs and instructional philosophy meet your expectations.
- Arrangements can be made for you to attend a current class session and we can also put you in touch with our graduates for their impressions of our programs.
FACILITY

East-West School of Massage Therapy is conveniently located at 510 Park Road North, Wyomissing, Pennsylvania (approximately two (2) miles west of the city of Reading). It is easily accessible from Philadelphia, Allentown, and Lancaster via Routes 422, 222, and the Pennsylvania Turnpike.

EDUCATIONAL OBJECTIVES

- Each student will be eligible for an entry-level position as a Massage Therapist or Shiatsu Practitioner.
- Each student will demonstrate a high level of proficiency in Therapeutic Massage and Swedish Massage and/or Shiatsu Therapy.
- Each student will demonstrate professional attitudes and ethical practices in all interactions with clients, students, and others.
- Each student will have a working knowledge of anatomy and physiology within the theory and practice of massage modalities.
- Each student will be knowledgeable of the requirements necessary when establishing a private practice and when working in an established setting.
- Each student will be aware of self-care and wellness measures necessary to establish the strength and health necessary to practice massage therapy.
ADMISSION REQUIREMENTS

Admission to our programs is limited to 10 students per practice class in order to provide the best quality training between student and teacher. Applicants will be evaluated on the basis of educational background, the applicant’s ability to express herself/himself both orally and in writing, reasons for requesting admission, financial stability, and other criteria. EWSMT does not discriminate on the basis of age, race, color, sex, national origin, religion, or marital status. Applicants must meet the following eligibility requirements:

- be 17 years of age or older
- be a high school graduate or have a G.E.D.
- be able to study and practice outside of class time
- be able to afford tuition
- be motivated to succeed
- be committed to participate in all course work, including clinic
- purchase student insurance coverage within 30 days of start date.

Before submitting an application, make arrangements to meet with the School Director for a personal interview.

TO APPLY FOR ADMISSION

SUBMIT IN ONE ENVELOPE:

- $75.00 application fee made payable to East-West School of Massage Therapy (this is a non-refundable fee), along with enrollment application (see p.28).
- A high school diploma, G.E.D., and/or college diploma.
- A completed physician’s statement (see p. 30)
- A copy of your driver’s license
- Two (2) letters of recommendation from non-family members, preferably professionals, describing the applicant’s character, personal stability, intentions, level of responsibility, relationship to massage therapy as a career, and any other relevant information
- An autobiographical essay giving a brief personal history, your interests, your reasons for wanting a career in massage therapy or bodywork, your professional goals, any special area of interest you may want to pursue, any massage training or related experience you have had, and why you want to attend EWSMT.

ENROLLMENT

- Once the completed application is received, you will be notified of acceptance or denial of admission. If accepted, you will receive an Enrollment Agreement which you will need to complete, sign and date.
- Mail in the signed and dated Enrollment Agreement with either your full tuition or initial payment plan deposit (SEE PAGE 19 or 20). This is required to secure your placement in the program.
CREDIT FOR PREVIOUS STUDIES

We allow credit where appropriate for your previous studies. If a prospective student has had previous training at an accredited educational institution, and can show proof with written documentation, an adjustment may be made to the number of hours required for completion of either program provided the following requirements are met:

1. You may be required to take a written exam in anatomy and physiology.
2. You may be required to take a written exam in other subjects for which you are requesting an exclusion.
3. Be prepared to demonstrate any skills in a practical evaluation, if you are requesting an exclusion in that particular skill.
4. The fee for a Previous Studies Evaluation is $45.00.
5. Review and approval is at the discretion of the School Director.
6. If previous credits/training are accepted, you will receive a prorated tuition fee reduction.

TRANSFER OF CREDITS TO OTHER SCHOOLS

East-West does not guarantee that it’s credits will transfer and that the decision regarding such transfer is at the discretion of the receiving institution.

STUDENT HANDBOOK

Our Student Handbook is available to anyone who wishes to receive a copy. It highlights the policies and procedures of EWSMT.

650 HOUR MASSAGE THERAPY AND BODYWORK TRAINING PROGRAM

THE ROLE OF A MASSAGE THERAPIST

The massage therapist is a health care practitioner who provides massage therapy, bodywork, and/or energy work. Massage is defined as the art and science of the assessment of and the manual application to the soft tissues of the body including the skin, muscles, tendons, ligaments, and fascia by using the hand, arm, elbow or forearm, through the systematic application of effleurage, petrissage, friction, vibration, tapotement, stretching, compression, or passive and active joint movements. Also included are the external application of water, heat, and cold to establish good physical condition and health through normalizing and improving muscle tone, promoting relaxation, stimulating circulation and lymph, and producing therapeutic effects on the respiratory and nervous systems, and the subtle interactions between all body systems. These effects are accomplished through the energetic and mind/body connections in a safe environment that respects the client’s outcome for the session.

A professional massage therapist has a deep commitment to the service of others and is healthy in mind, body, and spirit. He or she possesses knowledge of medical terminology, scope of practice, communication skills, community relations, anatomy and physiology, business practice, charting skills, and ethics. The top-notch massage practitioner also has sensitive hands and good observation skills.

New morning & evening sessions in Therapeutic Massage begin every September and every February. The morning session is from 9:15 to 1:15PM, Monday thru Thursday. The evening session meets 2 evenings per week, 6 to 10PM, and 2 or 3 Saturdays per month, from 9AM to 5PM.
EMPLOYMENT OPPORTUNITIES

Graduates from this program will receive the education necessary to attain a career in one of today’s most exciting and growing fields. There is an increasing acceptance of massage as a complimentary approach to health care and health maintenance. As a result, career opportunities are abundant. Upon completion of the program, the graduate may work in an entry level position as a massage therapist in a variety of facilities: massage clinic, chiropractic office, fitness center, spa, resort, cruise ship, nursing home, and on-site facilities. Many graduates choose to start their own massage therapy practice, either as a sole proprietor or in partnership.

Although we cannot guarantee employment, our position provides many networking elements, and every effort is made to assist graduates in job opportunities as they become available and in recommendations to potential employers. We also have a bulletin board listing of various job opportunities throughout the region and we receive calls from salons, spas, chiropractors, and other health care places asking for recently graduated students.

MASSAGE TABLES AND MASSAGE CHAIRS

For your schooling we provide massage tables and massage chairs. For home practice we can advise you on where to find a good quality massage table or chair at a great price. We have listings of used massage tables and chairs, we have discount catalogs of where to purchase chairs, and we can recommend massage tables or chairs if buying them from E-bay.

MASSAGE CREAMS/LOTIONS/OILS FOR CLASS

We supply all of the massage creams/lotions/oils for the students to use for in house practice. The students will have to supply their own sheets for practice sessions in class.

I. CORE BODYWORK COURSES

A. Therapeutic Massage—132 Hours

This course will introduce the student to the theory and practice of therapeutic massage. Students learn proper body mechanics along with draping and positioning procedures for full sequence massage. Students focus on the major categories of massage movement and learn variations of each. Also covered are rhythm, pressure, and pacing as applied to therapeutic massage. Other topics include history of massage, physiological and psychological benefits of massage, indicators and contraindications, ethics, sanitary and safety procedures, S.O.A.P. charting, and self-practice measures to minimize therapist injury.

*Grade Criteria:* Written quiz and hands-on test.

B. Swedish Massage—44 Hours

Students learn a full body Swedish massage routine, noting differences between this and Therapeutic massage techniques. Through demonstration and practice, students know the divisions of the 5 main massage strokes and understand the physiological effects.

*Grade Criteria:* Written quiz and hands-on test.

C. Advanced Muscle Techniques—12 Hours

This hands-on course provides emphasis is on proper body mechanics, stroke speed and approach angle. These techniques enable the therapist to apply deep tissue work with very little physical effort and, at the same time, minimize wear and tear to wrists and thumbs. These skills can be incorporated into existing sequences, or can be modified to apply in a more superficial manner.
D. Reflexology—32 Hours

Principles of Reflexology are studies along with the location of reflex areas and points of both the hands and feet. Students learn how to apply various reflexology and relaxation techniques to balance energy, release tension and increase vitality. Included are thumb & finger walking, procedural sequence, history, theories, anatomical functions, symptoms and disorders.

Grade Criteria: Written quiz and hands-on test.

E. Seated Massage—28 Hours

Students learn a 20-minute Chair Massage routine. Includes proper body mechanics, mechanical use of massage chairs, benefits, contraindications, marketplace tools, pace and flow of technique.

Grade Criteria: Written quiz and hands-on test.
F. Soft Tissue Release—24 Hours

Students learn methods of combined pressure and stretching to restore contracted or damaged muscle tissue. Specific problems are assessed and techniques applied to relieve pain and problems such as carpal tunnel, lower back ache, frozen shoulder, whiplash, and plantar fasciitis. Soft tissue release can easily be incorporated with other forms of bodywork.

Grade Criteria: Hands-on test.

G. Student Clinics-30 Hours

Halfway through the school program student start their student clinics which consist of performing 1 hour therapeutic massages on the general public. The massages are done at East-West School. Clinics provide the students with hands on experience performing massage to develop clinical skills.

Grade Criteria: Written evaluations by clients

II. ADJUNCTIVE COURSES

A. A&P AND PATHOLOGY-176 Hours

This comprehensive course provides the student with a firm foundation of basic anatomy, physiology, and pathology—skills that are needed to communicate well with clients, therapists, and others associated with the medical profession. Beginning with anatomical terminology, cytology (cells), and histology (tissue), all body systems are then studied in some detail. A strong emphasis is placed on the skeletal and muscular systems.

Grade Criteria: Written Tests and Quizzes.

B. AROMATHERAPY—24 Hours

This course introduces the student to therapeutic benefits and uses of aromatherapy. Topics explained are the history of aromatherapy and the use of aromatics, the properties of essential oils, blending techniques, choosing the correct carrier methods, and contraindications. Hands-on blending practice and a massage routine are included.

Grade Criteria: Written Hands on Test
C. PROFESSIONAL DEVELOPMENT & BUSINESS SKILLS—32 Hours

This course assists the student in making wise career choices. Students define their goals and prepare to establish a private practice or apply for employment. Other topics include professional ethics, marketing, basics of accounting, creating a business plan, writing resumes and preparation for interviews, computer applications, and communication skills. The accounting class is presented by a professional accountant with years of experience dealing with small businesses. Students also research & present a 20 minute oral report based on a particular facet of massage/bodywork.

Grade Criteria: Written quiz.

D. OUTREACH PROGRAM—12 Hours

Students participate in outreach programs by providing massage and bodywork at special events. These include such events as Cancer Relay for Life, Reading Area Community College Health Fair, Reading Hospital Nurses Week. These events take place after the student has achieved adequate training and skill in the particular bodywork application.

E. SPORTS MASSAGE—20 Hours

This course covers techniques for pre-event, post-event and during-training massage. Students learn fundamentals of assessment for particular injuries and how to effectively apply techniques to the athlete. Stretching techniques are covered in detail—Static, Active Isolated, and PNF approaches to flexibility.

Grade Criteria: Hands-on test.

F. ALTERNATIVE THERAPIES—28 Hours

Review and assessment of the many alternative therapies. More detailed introductory topics include Shiatsu Therapy, Chinese Medicine and Acupressure, Thai Yoga Massage, and Lomi-Lomi.

Grade Criteria: Written quiz.
SPECIALTY COURSES

A. PREGNANCY MASSAGE—8 Hours

Pregnancy massage covers client positioning and contraindications along with basic pregnancy massage techniques. We have business contacts with a local birthing organization which can usually provide expecting mothers for hands on massage work for the students.

B. INFANT MASSAGE—4 Hours

Students learn how to provide a massage sessions to infants and how to demonstrate to the parent(s) the essentials of infant massage. We typically have a mother and infant come in for the massage demonstration.

C. GERIATRIC MASSAGE—4 Hours

Geriatric massage emphasizes how our elderly population is in great need of touch therapy and how to modify learned techniques in an appropriate manner for the elderly. We have seniors come in for our students to have hands on practice.

D. HYDROTHERAPY—4

The use of water in any of its many forms such as ice massage, steam, inhalation, baths, water aerobics, and many others. In addition a field trip will be made to the Aquabilities Center to provide an insight into water massage. This field trip includes hands on work in the pool to acquire some basics of water therapy.

Instructor: Cindy Brown

E. TRIGGER POINT THERAPY—4 Hours

This class teaches the student practitioner to identify trigger points, and learn to isolate and diffuse these points in sore muscles to provide long lasting effects for the client.
SPECIALTY COURSES

F. MYOFASCIAL MASSAGE—8 Hours
Myofascial release is a technique that releases adhesions and knots in the fascia layers surrounding the muscles. In these classes a certified Rolf therapist will show you how to break up fascial adhesions and how to release frozen muscles from the surrounding tissue.
Instructor: Jason Rambo, Certified Rolf

G. HOT STONE MASSAGE—20 Hours
Students learn how to give a full body hot stone massage by using hot and cold stones. Emphasis will be on the various methods that stones can be used to give a warm, relaxing massage.
Grade criteria: Hands on Test

H. CPR and First AID 8 Hours
Students are taught CPR and the fundamentals of first aid. The use of an external defibrillator is also taught, along with how to deal with breathing emergencies, bleeding, and other injuries. Hands on use of a CPR manikin is utilized.
Homework

Students are required to study lecture material and to practice massage techniques outside of class. Documented homework assignments include making a business card and resume, preparing for the oral presentation, and S.O.A.P. charting on massage clinic sessions.

CPR/First Aid- Students are required to have an up-to-date certification in CPR/First Aid. This is included in the 650 Hour Program.

600 HOUR SHIATSU PROGRAM

The Role of a Shiatsu Practitioner

Shiatsu is an Oriental healing technique that uses application of thumb and palm pressure along the body’s acupuncture meridians. Stretching movements and passive rotations also are used to assess flexibility and to help open the energy pathways.

Based on Oriental medical theory, the human body is explained in terms of a network of meridians through which energy flows. This energy is the universal life force, Chi. If the flow of Chi through the meridians is smooth and unimpeded, then the functioning of the body is harmonious, and the person is healthy. But if the flow is sluggish or blocked, harmony turns to disharmony, and the person falls ill.

Shiatsu treatment helps to restore the harmony of the body, mind, and spirit. Like a series of reflecting mirrors, the body reflects the Chi flow, the emotions reflect the body, the mind reflects the emotions, and the spirit reflects the mind. With Shiatsu, the practitioner provides a truly preventative medicine type of session. By balancing the body’s energy, the likelihood of a more serious condition or illness is lessened.

The Shiatsu Therapy study program is offered only in evening classes, with new sessions beginning every February. Classes meet two evenings per week, 6-10PM and one weekend day per month, 9AM to 5PM. The Shiatsu program is presented in 3 graded levels of study, requiring 12 months for completion. Upon successful conclusion, the student is awarded a Diploma in Shiatsu Therapy. Graduates of other massage or health programs will find these studies to be complementary to existing skills, and may want to consider training in only Level-1 and/ or Level-2. Those who complete the Practitioner Course (Level-3), are equipped with the necessary skills and confidence to offer Shiatsu to members of the public on a professional level.

Although we cannot guarantee employment, our position provides many networking elements, and every effort is made to assist graduates in job opportunities as they become available and in recommendations to potential employers.

Refund Policy
A school may charge an application or a registration fee which may not exceed 15% of the amount of tuition or $150, whichever is less. The application or registration fee is fully refundable if the student requests cancellation within 5 calendar days after signing the enrollment agreement or, if the alternative set forth in § 73.121 (relating to general requirement) is used, 5 calendar days after submitting the application, if no classes have been attended, lessons completed or materials used. A request for cancellation which is not made in writing shall be confirmed in writing by the student within an additional period of 5 calendar days. The school may retain all of the fee after 5 calendar days or after 10 calendar days absent written confirmation, where required.

Students who withdraw, or are dismissed after the start of classes, but before the program is completed, shall receive a pro-rated refund based on the number of class hours completed. Students who withdraw, or are dismissed after one-half (1/2) of the program is completed receive no re-fund. The termination date for refund computation purposes is the last date of recorded attendance of the student. Refunds shall be made within 30-calendar days of the date the student fails to enter, leaves the program, or fails to return from a leave of absence.
CONTINUING EDUCATION PROGRAM

Continuing Education takes the form of weekend workshops, sometimes over a period of weeks.

Eligibility for course enrollment is at the discretion of the School Director. Basis for acceptance may include proper educational background and available classroom space. Contact the School Director for dates, times, fees, and availability. Certificates are awarded upon satisfactory completion of the course.
